Value education is rooted in Indian philosophy and culture and ingrained in every tradition of Indian culture. Educational institutions play a significant role in the promotion of values. The Vedas and Upanishads form the source of inspiration for value education. In the Vedic period, In Aharan education, the Guru insists his shishya to follow certain values throughout his life. Socialist, Secular, Democratic, Justice, Liberty Equality, Fraternity, Dignity of the individuals and integrity of the nation are the ideal conditions in the Constitution. Our values in life must draw their inspiration from these ideals.
